

Gourmet product, cultivated by the fifth generation of the Saga "Gorets", family with rice **tradition** for over a hundred years.

Committed to the **environment**, the fields are located in The Albufera Natural Park in **Valencia**, area with great ecological value.

The usage of artisan production techniques, coupled with the **forefront** in the design and packaging of food, endow **exclusivity** to the brand.

The cultivation of high **quality** rice improves the art of cooking and marks the **difference** in the palates of the most discerning consumers.

 **TARTANA**
